Sauna doors.

Every door that bears the Tylö name is of the very highest quality, specially manufactured to withstand the extreme differences in temperature inside and outside the sauna without warping or becoming deformed. All Tylö doors are equipped with a safe, reliable magnetic catch and can be hung to open either left or right.

Would you like a sauna door in a different size or different material? Simply request a quotation.

Sauna door DW-190 Spruce

(Art. no. 9103 0010)

Sauna door DGR-190 Beech

(Art. no. 9103 2030)

A truly exclusive sauna door. Made of bowed 6 mm tinted, tempered safety glass in a frame of solid beech. Handle with magnetic catch. Frame size: 1900 x 786 x 71 mm, width of opening 1788 x 618 mm.

Automatic door-closer

(Art. no. 9030 1030)

Fits to the side of the door with the hinges, to close the door from a fully open position. For gentle, controlled closure, complement this with the hydraulic shutting device described below.

Shutting device for wooden doors

(Art. no. 9030 1000)

May be combined with the door-closer above to close wooden sauna doors gently and smoothly.

Shutting device for glass doors

(Art. no. 9030 1010)

May be combined with the door-closer above to close glass sauna doors gently and smoothly.
